

NP-210

RUBBER CYMBAL SEATS

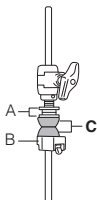

The NP-210 replaces the felt washers on virtually all hi-hat clutches.

The NP-210's unique rubber construction and minimum contact conical shape improves the "chick" sound and clarity of all hi-hat cymbals.

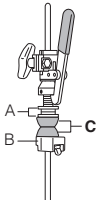

ハイハットのトップシンバルを半球状のラバーで上下からはさみ込み、最小面積で接することにより、シンバルの自然な響きを最大限に引き出すシンバルシートです。

Features

- Non muffling rubber construction -
- Minimum contact conical shape -
- Sold in pairs -
- Fits virtually all hi-hat clutches -
